25	25	26	Roy Lee Patterson	Roy Lee Patterson, age 76, of Dallas, Texas, passed away peacefully at home with his family by his side December 31, 2020. He was born January 31, 1944, to Ethel Loretta and Homer Boyd Patterson.\n\nRoy was married 58 years to the love of his life Judy Combs Patterson. Roy's family was his pride, joy and devotion in life. As a very young boy, he had to step up and help his mother try to make ends meet, for her and his siblings. When he was a teenager, he met Judy his life soulmate and wife. Roy and Judy were both teenagers when they married and started their family. Both had very strong family values and work ethics. Their love and devotion were the same, as if they were one. They worked together to become mature loving parents, and business professionals. Raising their children and building their lives was always their number one priority. From the time they married, Roy's life was devoted to his family. Everything they did, had to include the whole family. He would plan family activities such as boating, fishing and hunting so the whole family could be together. As Karen, Dean and David grew older, he would allow them to include their friends. He would always treat the friends, like they were his own. Some of these friends that grew to love him, stayed close to him throughout their lives.\n\nAs his family continued to grow, he welcomed everyone with open arms and love. The day Roy became "Papa" he was so proud to extend the love and teach the family values to the next generation. He was always there for anyone, especially the grandchildren to listen and advise and provide his love and support. There was always a family celebration for special occasions, birthdays and holidays. Everyone was expected to be there. His wife, children and grandchildren were his life.\n\nRoy was very artistic, creative, curious and playful. He loved music. He had a special music room that he spent most of his time after he retired. He self-taught himself to play and build instruments. He wrote and recorded two songs. Both were patented and copyrighted. The slideshow presented today, includes both.\n\nAnyone who knew Roy, knew he was a jokester. He loved to tease and cutup with everyone, especially the children. He was also known for his scary stories, the best one being Mean Tooth and Lie Tooth. All of us still laugh today, about that one.\n\nRoy was a welder by trade. He owned and operated Patterson's Welding Service until he retired.\n\nHe will be dearly missed by all the people who knew and loved him. He was preceded in death by his parents Homer Boyd and Ethel Loretta Patterson, his siblings Lou Ann Sutton and Boyd Wayne Patterson. He is survived by his wife Judy (Combs) Patterson, children Karen May Patterson of Midlothian, TX, Roy Dean Patterson and his wife Tina Caster Patterson of Southlake, TX, David Lee Patterson of Dallas, TX, one sister Gaynell Sprouse of Colleyville, TX, four grandchildren Mary Raquel Logan-Patterson, Michael Dean Patterson, Matthew Stephen Margolies and Daniel Austin Patterson.\n\nFlowers should be sent to Merit Memorial Funeral & Cremation Care 12801 N. 32	32	33	Karin Crosby	Karin Denise Crosby arrived on December 4, 1963 and went home on December 24, 2020. She was the only child of Shirley Lou Cauble Crosby and the one she always called her favorite Marine, her father, John Bruce Crosby. Karin was born and raised in DFW and lived in many different communities in North Texas from as far west as Fort Worth to as far east as Garland. She was a member of the graduating class of 1982, star alto with the Duncanville High School Choir. She studied Radio/TV at Univ. of Texas, Arlington and she was fortunate to be the exception to the rule. Karin was able to work her entire work life in an industry that was her passion. She was able to do everything she wanted and had some great experiences and met a lot of lifelong friends along the way. Just a partial list of some of the places she worked: KAFM/KAAM, KLTY, Radio Disney, The Eagle, Y100, KZPS, KSCS, MIX, KISS, Y95, and finally, iHeart Radio. She was also a friend to members of the band, The Outfield and stayed in touch with them throughout their career. When they toured the states in '98-'99, Karin worked to book shows and promotions for the band, booking radio & TV interviews. She even got to tour with them. She loved that more than anything. Oh, the stories she had. She was devastated in July 2014 when her buddy and guitarist of the band, John Spinks passed away with liver cancer. And when lead singer Tony Lewis died in October 2020, she couldn't believe it. Karin didn't have a lot but if she had it and you needed it, it was yours. She loved treating friends to concerts. She loved live concerts and saw more than you could count. Some of her favorite shows: Cher, Aerosmith (so many times), Janet Jackson, Kelly Clarkson, so many 80's groups. She also loved Billy Crystal and Robin Williams. And Karin was a NASCAR fan and thought Dale Jr. was the best! When it was time to put her feet up, she would often head to the Florida panhandle beaches, Ft. Walton, Destin, Navarre and Pensacola. She loved her Mountain Dew and all her record albums. Karin had quite the collection. Ask her friends who would help her move! She was so strong willed which worked against her at times and sometimes, it's what got her through the difficult times. Karin's sense of humor could cut you to the quick and more times than not having you laughing so hard you couldn't catch your breath. Even in hospice, she was joking with one of the nurses about her singing skills, nicknaming her Beyoncé and making everyone in the room laugh. Karin was always there for her friends with an encouraging word, or if you needed an emergency babysitter or just someone you could always count on for a big smile on a not so sunny day. Karin said she was not scared about going home and couldn't wait to see her folks again. And wondered what Christmas would look like in heaven? She was hoping to be greeted by her parents who she missed so much and was hoping for lots of free time to catch up on hugs and stories. Karin said she was also convinced heaven would have the best ever homemade cookies, fresh out of the oven anytime you wanted one. Karin was so thankful for the sweet messages of support, and texts, videos, flowers that everyone sent. It was becoming increasingly difficult for her to manage the keyboard on her cell phone, but she did see all of it and it made her smile. Thanks to all of her friends from nearly EVERY station in town for taking a moment to pray with her and share a virtual hug or two. She was keenly aware that we are just spirits having a human experience and looked forward to the day when she would be living in a body that no longer betrayed her. Karin is survived by her aunt, Norma Farris who did her best to fill in those Mom shoes when possible and whose support was much appreciated by Karin especially during these last difficult months. She also had many cousins who were there for her. Karin said she wanted to be cremated and wanted her ashes to be divided and placed in 3 locations, with her Mom in Aquilla, Texas, with her Dad in Norwalk, Connecticut, and spread at Navarre Beach in Florida, which she said was one of her favorite spots on the planet. Norma and the family will honor Karin's wishes soon. Godspeed, Karin. Here's to God granting your final wish. 39	39	40	Kevin Horn	<p>Exactly one week before Christmas, on December 18, 2020, Kevin Horn, devoted husband, father, son, and brother, died after a lengthy illness. He was objectively one of the kindest people to walk this earth, and his passing has devastated many.</p> <p>Kevin was born on October 10, 1973 in Wurtsmith AFB hospital, near Oscoda, Michigan, to David and Barbara (Marshall) Horn, and spent most of his childhood in Beaumont, Texas. He was active in both the church (Disciples of Christ) and service community (Key Club, CKI, and later Kiwanis) and was always there to lend a helping hand. He enjoyed playing soccer and played the piano and trombone quite well. He was also a member of his church's handbell choir and high school German Club.</p> <p>In 1990, Kevin was accepted into the AFS exchange student program, and lived in Germany for 10 months. He was fortunate to travel through most of Europe - the experience shaped him forever. One of his only regrets was that he could not return with his family and introduce them to his beloved Germany.</p> <p>Kevin was a proud member of the Fighting Texas Aggie Class of 1996, graduating with a B.S. Degree in BANA (Business Analysis). He was a member of the business honors fraternity Delta Sigma Pi, and an integral member of Circle K International Service Organization (CKI). His favorite activities in college included: racquetball, inter-mural sports, dancing, and attending Aggie Football games (naturally).</p> <p>On June 1, 1996, he married the love of his life, Christina Marie Smock, whom he met at A&amp;M, through CKI. Upon both their graduations, they moved to the Dallas area and eventually settled in Carrollton, TX, where they have lived for the last 20 years. They were blessed with two sons (Cameron, 18, and Fletcher, 16) and a daughter (Betsy, 11).</p> <p>Kevin started his career in 1997 at AT&amp;T, and continued working in the IT industry as a software engineer until his death. He was most recently employed at Infosys, and contracted to Conduent; he was a valued and respected member of his team, and is sorely missed.</p> <p>Kevin was known for his punny wit, his infectious smile, and his kind and compassionate spirit. He was passionate about Aggie Football, board games and dominoes (especially 42), and spending time with his family. Volunteering in the community, especially with Habitat for Humanity, and serving as deacon in his church, was also important to him. Before he became ill, he coached his younger son's robotics team, which he loved. He had a servant's heart until the very end.</p> <p>However, Kevin's favorite pastime of all was dancing. He and Christy actually fell in love while taking country-western dance lessons at A&amp;M. Later, he went on to take hip-hop classes and actually performed in dance recitals, alongside his daughter. He was known as Dance Dad and very popular at the studio. Some of his best memories were shaking it on the dance floor, and escorting Betsy every year to the Daddy-Daughter Dance, where he won at least two awards (one for 1st Place!) for his moves.</p> <p>Kevin is survived by his wife Christy, and their three children: Cameron, Fletcher, Betsy, by his grandmother, Geraldine, his father, David, and his mother, Barbara, his brother David Jr. and sister-in-law Sandy, mother-in-law Nancy Glover, brother-and-sister-in-law Matthew and Eugenia Smock, along with numerous uncles, aunts, and cousins.</p> <p>An online memorial service will be held on Wednesday, December 30, at 1 o'clock p.m., with a virtual celebration following. We will share stories and experiences, sing songs, and maybe raise a glass or two to our beloved Kevin.</p> <p>If desired, donations may be sent to the Leukemia and Lymphoma Society.</p> <p>Our world is darker now, but we know that Kevin is dancing in heaven and looking after us all, especially this holiday season.</p>

72	72	73	Madelyn E. Knott	<p>Madelyn Emily Cross was born on April 23, 1927 in Teague, TX to Sarah Jewel and Thomas Jethro Cross. During the Great Depression, the small family moved to her Granddaddy Cross's farm in Rosston, AR. There, the family grew until Madelyn was the oldest of ten children. Her surviving siblings and their spouses are: Bill and Margaret Cross in Bryant, AR; Sybil Cross Ray (her husband John now deceased) in Minden, LA; Jerry Cross of Camden, AR; and Liz and Richard Skyles in Bossier City, LA.</p> <p>Madelyn graduated from Willisville High School near Rosston, AR in 1944. She was 17 when she moved to Little Rock to live with her uncle and his wife, and work at the defense plant in Jacksonville, outside the city. Against her daddy's wishes, she started nursing school before the end of WWII in 1945. She joined as a member of the Cadet Corps which allowed her to attend the three-year program at St. Vincent's Hospital in Little Rock for free. Besides being paid \$21 a month, she also earned one week off per year.</p> <p>Madelyn graduated from St. Vincent's program in 1948 when she met her husband, Richard "Dick" Orr Knott, who died in July 2019. They fell in love and were married on May 28, 1950. Dick was recalled by the Navy two years later to return to duty as a sailor in the Korean War. Afterwards, he went to seminary and became a Presbyterian minister and Madelyn became a minister's wife, a role with similar duties to that of a First Lady. Although she continued working part time as an RN, Madelyn's full time job was as the preacher's wife and mother of four. She is survived by her four children: Richard Knott and his wife, Ginia; Mendy Knott and her partner Leigh; Cindy Knott; and LeAnne (Knott) Wyatt and her husband Greg.</p> <p>Madelyn to her siblings, "little love" to her husband, Mom to her kids, she was called Peachie by five granddaughters and nine great grandchildren. Madelyn was famous among all her family for her cooking, a trait she passed down the family line, along with a cookbook which she co-edited called "Across the ArkLaTex" A Cross Family Cookbook. She was the ultimate Southern hostess, her style and charm on display at church gatherings, holiday parties, and open houses at the Presbyterian manse. She had many creative gifts which included sewing, gardening, and shopping for sales. Her children inherited many of her finest traits including an enduring respect for education and learning outside the classroom, reading, creativity, and a curiosity which made her a great listener and conversationalist. Madelyn believed "love is a verb" and taught us to be generous and to give of what we have to those less fortunate than us.</p> <p>Madelyn stowed her "Christmas cash" a little at a time, hiding it in sock drawers and shoeboxes until it was time to shop. Her last act in this world was to choose personalized ornaments for each of her nine great grandchildren, even though she knew she would not live to see the pictures of their smiling faces this holiday. But a gifted imagination allowed her to see them all the same, glittering along the limbs of their family trees, turning in the sparkling lights she loved.</p> <p>Madelyn Knott, a woman strong in her faith, long on love, and loyal to her husband of 69 years, died on Nov. 8, 2020 at the age of 93, surrounded by her four children. Although she may have thought she left a small footprint on this earth, we know that nobody will ever be able to fill her shoes.</p> <p>Mom, we will miss you every day. Love, your kids.</p> <p>Services for Madelyn Knott will be held at Mt. Moriah Church in Arkansas. The date will be announced as soon as all family members are able to attend. In lieu of flowers we ask that donations be made in her name to St. Jude's Hospital: <a href="http://giftfunds.stjude.org/MadelynKnott">http://giftfunds.stjude.org/MadelynKnott</a></p> <p>For an interview with Madelyn and Dick about their life together go to this link: <a href="https://youtu.be/a-1pCylAhw">https://youtu.be/a-1pCylAhw</a></p>

78	78	79	Nell Naomi Hudson Schmitt	<p>It is with the deepest sadness that we announce the passing of our super cute beloved Mother, Nell Naomi Hudson Schmitt. She was 98 yrs. â€œMom died suddenly on Sunday afternoon of natural causes at her home in Dallas, Texas.. We rejoice in the extraordinary life she lived and we feel grateful and blessed to have been loved by such a terrific Mom. Thank you for all of your prayers. We are steadfast in our faith and finding comfort in knowing where Mom is, Phil 4:13.\n\nNell Naomi Peters was born in 1922 in Clinton Tennessee (Anderson County) at home to her parents Ruby Peters and John Henry Peters. She attended Old Knoxville High School in Knoxville, Tennessee. Nell had a love for the country as her Father was a farmer and upon his passing she requested to go live with her Uncle Luther and Aunt Alta who also lived in the country with livestock and Mom was happy. Her younger sister, Ann lived with her mom but the sisters could visit alot.\n\nNell married Al Hudson at a young age at McKendree Methodist Church, Nashville, Tennessee and they lived on Green Hills Drive and enjoyed having 3 boys Gary, Hardy and Randy there before moving to Biltmore Dr where Debbie was born. That completed the family of 6 with 4 children.\n\nNell and Al both loved fishing and golf and all the kids were taught golf lessons at a very young age. They took the kids to the banks of Center Hill Lake while Debbie was still in her playpen. Nell was serious about her fishing and cooking on the campfire morning noon and night. Now about this family of future golfers-- Boy, with this family of serious competitors-- if you didn't talk golf at the dinner table, you didn't talk. All the family members golfed at Richland Country Club. Mr Al was playing poker in the men's tap room til the wait staff couldn't lie any longer. Dinner time was over!\n\nThe boys all became very good golfers and several times played each other for the club championship- Poor Daddy, who to pull for? Now Mama Nell was a good golfer and won several of the ladies events herself. This family was an athletic competitive family. Hey even Debbie won the Women's Jr. Golf Club Championship.\n\nBut Gary was the football stud. He got a football scholarship to Vanderbilt and at every game you could hear Daddy above all othersâ€¦ yellingâ€¦â€¦Go Littleman! Gary was so glad to be at Vanderbilt with his studies but also being in Nashville close to home so he could bring all the football buddies home to eat. Two turkeys and he would sayâ€¦ Mom do we have any more food? Ha! Then he was off to become a 2nd lieutenant becoming a pilot and flew all over the world many times. Then he went off to work for Minnie Pearl Fried Chicken in California, then other adventures shuffled him around the country with new franchise opportunities and then to settle in Dallas. He first got into Commercial Real Estate, then he fancied the oil business and was mentored by some of Dallasâ€™s top oil men- the Oil business has been good to him...after all these years.\n\nNow Hardy had landed in Orlando after college working for Mattel toys but he disliked it because it was too easy and as he tells it, â€œBarbie sells herselfâ€¦, so he started finding items at garage sales and estate sales and collected so many opening a small store and now after 50 years, he's still in the antique business in Winter Park, Fla becoming a Sotheby's expert on Majolica and many other collectibles.\n\nNow there's Randy who sold golf clubs to the Japanese after college and becoming one of the well known golfers in Nashville and also trying out for the mini golf tour. He continued to golf and became well known for his golfing prowess up until this very day. Ask him about anything dealing with golf and he will give you a knowledgeable opinion on it.\n\nDebbi married and had one son, Justin Callahan after moving to Dallas, that became their home. Debbi attended interior design school in Dallas and she started her interior design business that is still running strong.\n\nAfter Al's passing at age 68, Mom ran their display company until there was an explosion from a large drum of paint thinner and everything blew up- so Gary living in Dallas brought Mom into the Oil business asking her â€œwhat would you like to do in the oil business?â€¦ She declaredâ€¦ I wanna be a land man ! â€œ So she started leasing land for oil exploration in a small town in Tennessee called Wartburg. Did I say it was a small town? Only one diner in the town...oh it was her favorite time ever. She told me she felt free and she loved her new life. Well the oil business hit a bad economy after 6 years and she came back to Dallas...knowing she loved traveling , she became a travel agent. She began to travel and loved that freedom too- so after being widowed for 15 yrs she met her husband on a dating travel service, no not online...it was still snail mail. She married Ardell and moved to California - marrying in Nashville in 1992. they traveled all over the world Shanghai, Tokyo, Hong Kong, Hawaii, Turkey, Greece, South America, All over Mexico, Switzerland, England, France, Capri, South of France, Monte Carlo, Bermuda, Spain, Portugal, Alaska, Belfast, Istanbul, many times over...until he fell unable to travel so much.\n\nSo back in Dallas they came and moved into an assisted living community and lived there for 7 years until Ardell passed from natural causes of dementia. Mom lived on for 6 more years as Dallas was where her oldest son Gary and Debbie lived. So we got to be with Mom alot in her last years, doing brunches, musical events, horse races, champagne dinners, church, anything there might be FUN. So to say Mom lived a wonderful life being filled with family, grit, strength and enthusiasm to her last day October 25, 2020 when she went to be with her heavenly Father. WE know she is dancing and singing with the Jesus that she loves as he loves her.\n\nNell survived her two husbands, both parents, and her sister Ann Hackney, Survivors are 3 sonsâ€¦Gary R Hudson, Hardy M Hudson, Randy A Hudson and daughter Debbi A Hudson, grandchildren, Justin Kyle Callahan and wife Sara Beth Callahan, Sarah Alexandra Hudson, niece Charlotte Jellicorse and her husband, Tom Jellicorse.\n\nThe family wants to extend our heartfelt gratitude to all of our friends, relatives and contemporaries in celebrating Nell Naomi Hudson Schmitts life.\n\nLove to all !\n</p>

With her strong faith and love of the beach; specifically, South Padre Island where she spent summers both as a child and later with her family, there is little doubt where Leah will spend time - enjoying those sunny shores. \n\nLeah was born in 1969, in Oklahoma City, Oklahoma. She grew up in Edmond, Oklahoma and graduated from Edmond Memorial High School in 1988. Leah then attended Southern Methodist University in Dallas, Texas where she received a bachelorâ€™s degree in Sociology in 1992. She later attended Our Lady of the Lake University in San Antonio, TX, receiving a masterâ€™s degree in Social Work. Leah also took and passed the licensure exam to become a Licensed Clinical Social Worker (LCSW). \n\nWith Leahâ€™s natural caring nature, itâ€™s not surprising that every job in her career was focused on helping people. She started out as a Caseworker with Childrenâ€™s Protective Services in Houston, Texas. She later moved to Dallas and worked for Hope Cottage Pregnancy and Adoption Center where she performed both pre- and post-adoption services. Most recently, Leah worked both for AssuraSource, providing behavioral health counseling services to home-bound adults, and as an independent counselor to children in foster care. Leah was beloved by all of her clients and will be missed greatly. \n\nThe job Leah loved most, however, was being a mother. Leah is survived by the loves of her life, her sons Cayden and Gavin Campbell. She is also survived by her mother, Georgia Muenzler of Tulsa, Oklahoma, sisters Julie Muenzler of Dallas, Texas; Paige Simpsen of Richardson, Texas; Father of her sons and great friend Paul Campbell of Dallas, Texas; Niece Holly Simpsen, Nephew John Simpsen, and many, many other friends and family members. 81	81	82	Betty Jane Whiting	<p>Betty Jane Blassingame, Whiting, a loving wife, mother, grandmother, sister and friend, went on to her heavenly home on October 21, 2020 after a courageous battle with cancer. The devotion and unconditional love Betty had for her family and friends, as well as her unwavering trust and faith in God, supported her in this struggle and was her genuine source of strength and peace.</p> <p>Betty was born to the late Dr. Doak and Helen Blassingame in Denison, TX on July 9, 1944. She often shared fond memories of growing up in the quant town of Denison with her four siblings, as well as attending Denison High School (Class of 1962), where she was on the Cheer Squad and Student Council, and where she was proudly elected "Speech Sweetheart" by her peers.</p> <p>A significant event occurred one football Friday night in 1961 that would forever change the course of Betty's life. The Denison Yellow Jackets were anxiously preparing to face their biggest school rival, the Highland Park Scots. Betty Blassingame, a Senior member of the Denison High School cheerleading squad, presented the Captain of the football team, #64 John Whiting, with a challenge he couldn't resist. Betty promised John that if Denison could pull off a win that night (which they had never done before), she would run directly onto the field to present him with a kiss. As fate (or sheer determination) would have it, Denison High School won the football game, John won the kiss, and this moment marked the start of Betty and John's 58 year strong love story.</p> <p>After high school, Betty and John attended the University of North Texas where Betty found lifelong friends as a member of the Alpha Delta Pi sorority, and where she graduated with a Bachelor of Education in 1966 to prepare for her ten year career in teaching elementary school. Betty and John were married on August 21, 1966, starting the next chapter of their lives together. John was in the United States Air Force, which led them first to Panama City, Florida, then outside of their comfort zone, all the way to Germany. Betty often shared wonderful memories of their time spent in Germany, the highlights being their extensive international travel (Austria, France, Romania, Switzerland, Belgium, England and Scotland), being selected as the "Sembach Fasching Ball Princess" and predominantly featured in the newspaper, and most importantly, giving birth to their first daughter, Nancy Lynn.</p> <p>Betty, John and Nancy returned to the States in 1971 and settled on the North Dallas area, where their second daughter, Allison Jane, was born. Betty stayed joyful and active during this time of her life by teaching, mothering two daughters, dating her high school sweetheart and engaging in social activities with dear friends, such as her beloved bridge group. Betty became an active member of the Richardson Symphony Orchestra Guild, where she took on many important leadership and fundraising roles within the organization. She also started attending bi-weekly aerobics classes, which she faithfully continued for over the next thirty years. During this stage of life, Betty and John became regular "extras" on the popular television drama, "Dallas". Stacks of VHS tapes hold hours of footage where Betty could be seen in the "not so distant" background pretending to dine at a restaurant or strolling glamorously in a crowd around Southfork Ranch. It was also during this time that Betty and John found their church home at the First United Methodist Church of Richardson, where Betty's acts of service included volunteering with the moving committee when the church expanded, and more recently, serving with the welcoming committee, greeting church parishioners with warm hugs and genuine smiles as they entered the sanctuary.</p> <p>During the "empty nester" years, Betty and John enjoyed traveling, and although the list is extensive, her most memorable trips included a River Cruise to Normandy, a Mediterranean Cruise to Israel and surrounding areas, and a guided bus tour to the USA National Parks. It was during this time that Betty joined the Northwood Woman's Club, engaging in their many philanthropic endeavors, fundraising needs and social events. Through NWC and the friendships made, Betty became involved in an Antique Group, a Travel Group, a Quilting Group, a Mahjong Group, and most recently, the Chapter II Book Club. Betty also joined a Bible Study Group where she found special fellowship with other Christian sisters through studying and learning the Word of God.</p> <p>Betty wholeheartedly cherished her family, and she went above and beyond to make family time special for everyone. Family and loved ones looked forward to the annual Fourth of July pool party where laughter was guaranteed and Betty's baked beans were a favorite on the menu. Every Christmas, Betty spent countless hours beautifully decorating every square inch of the home, wrapping elaborate packages that would rival the most exclusive window display and working for days to create the perfect meal to serve for Christmas Eve dinner. One of her most treasured activities was following her grandkids' athletic pursuits, and each of them knew that Betty's "Grandmommy" was their biggest fan. Betty also relished her 4:00pm weekday activity of settling into her favorite recliner and watching the latest drama unfold in Judge Judy's courtroom.</p> <p>Whether it be an acquaintance or a lifelong friend or family member, Betty was known by all for her unmatched sense of humor, for her infectious laugh, for her ability to light up a room with her beautiful smile, for her elegant fashion sense and for her unconditional kindness. Although the loss of her physical presence will be a continuous journey of healing and grieving, there is genuine comfort and hope knowing that she now rests in the arms of our creator. Betty is more alive with Christ than she has ever been, and her treasured legacy will forever live in our hearts.</p> <p>Betty is preceded in death by her parents, Dr. Weldon Doak and Helen Shryock Blassingame; and her brother, Jan Blassingame. She is survived by her husband of 54 years, John Hunt Whiting, and their beloved dog, Ty; her daughter, Nancy Lynn Scheer (husband Troy) of Flower Mound, TX; her daughter, Allison Jane Arne (husband Michael) of Frisco, TX; four grandchildren, Lauren Scheer, Gunner Scheer, Payton Gissler and Patrick Arne; her brother, Ames Blassingame (wife Lori); her brother, Dean Blassingame (wife Jan); and her sister, Lynne Brooks (husband Ron). In addition to family, Betty was blessed by countless longtime friends that loved her dearly and whose friendships she cherished immensely.</p> <p>Betty's life and legacy will be celebrated on Tuesday, December 1, 2020 at 2:00pm, and her family welcomes all to join virtually via FUMCR.com/live.</p> <p>In lieu of customary remembrances, memorial contributions in Betty's name may be directed to the First United Methodist Church Richardson, 503 N. Central Expressway, Richardson, Texas 75080.</p>

94	94	95	Linda S. Berta	Linda S. Berta, 66, of Farmington Hills, MI and Dallas, TX, confidently walked through the glorious gates of heaven on September 29, 2020. Our beloved Linda lived life to the fullest - she had a lifelong, personal relationship with Jesus and loved the Lord with all of her heart. Linda's Christ-centered life was an inspiration to others and one of her favorite scriptures was Hebrews 13:8: Jesus Christ is the same yesterday and today and forever. Her greatest joy in life was being a devoted wife and loving mother, and doting on her two grandsons as Gigi. Earlier this year, she celebrated 40 wonderful years of marriage to her husband, Stephen. Stephen and Linda were inseparable and loved sharing the adventure of life together. Linda also shared an exceptionally close relationship with her daughter, Michelle and they loved long lunches and walks in the park to talk about anything and everything. Linda will be remembered as a true beauty; her joyful smile and sparkling, deep blue eyes were one of a kind. She also loved entertaining, French wine and traveling with her family, most notably to Paris, the Loire Valley, the Hawaiian Islands and California. While her family was always her number one priority, Linda also excelled in her career at the Ford Motor Company as a fourth-generation employee. Linda is survived by her husband Stephen Berta, her daughter Michelle Matthews (Louis Matthews), and her two grandsons James Matthews and Henry Matthews. While she will be greatly missed by her family and friends, we rejoice in knowing that she is with Jesus and we will see her again soon. Born on November 9, 1933, in Colbert, Oklahoma, Tony was raised by Thelma and Herman Ross in Longview, Texas where he graduated from Longview Highschool in 1951. Tony served in the United States Army where he was stationed in Panama, after which he earned a Bachelor of Science in Education from the University of North Texas in 1961 where he was a member of Theta Chi Fraternity. Tony eventually settled in the Dallas metro area where he lived for the rest of his life.</p> <p>Tony met Toppy Tannery at Lovers Lane United Methodist Church where Tony was an usher and Toppy was always late to church. Even though Toppy wasn't exactly sure which usher Tony was when he called her, they went on a first date to Pietros on February 18, 1971. They were married on September 18, 1971 and together they raised three daughters and 5 female dogs. For 48 years, Tony and Toppy built a beautiful life together weathering the hard times and celebrating the good times with family and friends. Tony loved being a father to daughters and could be found surprising them at lunch in elementary school, videotaping dance performances and running to the drug store at 2 am when they weren't feeling well.</p> <p>A man of many talents, Tony's career was wide and varied. After working as a teacher, coach and principal in Celeste, TX, he worked as a pharmaceutical rep, before he opened an Independent Insurance Agency in the 1980s. For the past 10 years, Tony and Toppy served breakfast at The Bridge Homeless Recovery Center in Dallas where Tony particularly liked working at the sausage station.</p> <p>Tony's favorite hobby was his friendships. 114	114	115	Eric Lopez	<p>In loving memory of the greatest husband, father, son, cousin, brother, uncle, friend, and grandfather we could have ever asked for.</p> <p>Eric Lopez was born in Salamanca Guanajuato Mexico and learned that life was hard and he had to fight to be something special. He left his home at a young age to have a better life and met his wife along the way. They had 4 beautiful children that lead to 9 grandchildren that were his whole world. He was always worried about giving his all and best to his family, working hard everyday of his life so we could have everything we needed. He rarely got time for himself and his wife would always tell him he needed time off.</p> <p>She wanted to travel with him and see the ocean and he wanted to see the Grand Canyon. He finally went on vacation for the first and last time with his wife after almost 34 years of marriage. They traveled to several different states on their trip and he told her "you said you wanted to see the ocean and I brought you to one of the best ones, you wanted to go to a casino and I took you to Vegas, I wanted to see the Grand Canyon and drive on Route 66 and it finally happened now I can die knowing we did what we always wanted to."</p> <p>She told him he was crazy but we believe he knew what God had planned for him.</p> <p>One week later he fell ill and after fighting for 2 months he passed on the 28th of August 2020.</p> <p>We will always remember him for his love of music and his beautiful voice. He never let us be sad he would always have the best jokes to make us laugh and told us how much he loved us everyday. In honor of his memory we will keep fighting on through these hard times.</p> <p>We will also be holding a viewing from 4:00pm - 9:00pm on Saturday, September 5, 2020 and from 6:00pm - 9:00pm on Sunday, September 6, 2020 at Merit Memorial Funeral and Cremation Care, 12801 N. 115	115	116	Albert Lee Young	<p>Albert Lee Young Sr., (born Tommie Lee Young, Jr.), was born on February 17, 1930 in Altheimer AR. to the union of Tommy Lee Young, Sr. &amp; Amber Lee Goings. Albert, beloved husband, father, and Papa drew his last breath on August 27, 2020. A devoted church fan, and avid supporter of his local communities, he died peacefully with his wife Gloria Young by his side.</p> <p>Albert mainly grew up in the south where he no doubt gained his many craftsman skills working long days with his father Tommy. He migrated north to Chicago at the early age of 17, moving in with his brother Odell Young Sr., attempting to escape the perils of south and the racial disparities plaguing the area at the time.</p> <p>He worked as an inspector for 22 years for Stanadyne Corp and in private security for 12 years, retiring from both jobs. He also worked as a handyman on the side for many years. He could make anything from scratch and no blueprint from cabinets to garages. He enjoyed good music, was involved in the local Church and community, and was a man of Faith.</p> <p>Albert was always well dressed, yet, practical. He enjoyed a perfectly pressed suit and a stitched bottom wingtip, each time-finding the tie and handkerchief to compliment. He loved nothing more than Sunday morning service and Bible study. Aside from service you could find Albert in good spirits if there was a good meal around, southern food often feed his soul. Albert developed a passion for home renovations and creative projects where he thrived seemingly more than anywhere else.</p> <p>Albert married three times: to the union of his 1st wife T. Thomas (deceased) were born Loretta (deceased), Alan &amp; Joel; to the union of his 2nd wife Flossie Jones (deceased) were born Joyce, Anthony (deceased), Steven, Linda, Cynthia, Lori, David, Kim &amp; Sherri; and to the union of his 3rd wife Gloria Johnson were born Alvira (deceased), Albert Jr, Sertrina, Joshua &amp; Isaiah. Additionally, he leaves to mourn his passing, a host of grandchildren, great-grandchildren, nieces &amp; nephews along with many friends and acquaintances. He will be deeply missed and never forgotten in the hearts of those whom he impacted most.</p> <p>A graveside stone has been permanently placed in his Honor at Merit Memorial in Coppell, TX.</p>

116	116	117	Patricia Greene	<p>Patricia A. â€œPatâ€ Greene (nee Williams), age 79, passed away peacefully in her home surrounded by loved ones on Wednesday evening, August 26, 2020, after courageously battling Amyotrophic Lateral Sclerosis (ALS), also known as Lou Gehrigâ€™s disease.</p> <p>Pat was the eldest child of Ralph Lee and Mary Ann (Levy) Williams, born on May 19, 1941, in St. Louis, MO. She graduated from Maplewood - Richmond Heights High School in 1959. On February 13, 1960, she married her beloved high school sweetheart, Dick Greene, with whom she recently celebrated their 60th wedding anniversary. They moved to Dallas, TX in 1963 where they raised two children, Richard Greene and Dana Greene.</p> <p>Pat wore many hats and touched numerous lives over the years. Some in the Carrollton-Farmers Branch area will remember her as the school crossing guard that greeted them each morning with her warm and gracious smile. Others may have fond memories of buying their first bike from the family-owned â€œRaleigh Bicycle Centreâ€ where she always had her Welsh Corgi, Cricket, in tow. However, there is no doubt that she touched the most lives in her twenty-plus-year career at Scherer/ Colgate Palmolive in Sales and Human Resources. Her office had a revolving door where she always found time to offer not only professional but personal guidance, counsel, wisdom, and support to all that sought it from her.</p> <p>Patâ€™s family is what she valued and treasured above all else. The most precious time in her life began almost 26 years ago when she became a grandmother or as most of you know â€œBabu!â€ She was a tremendous grandmother to Sarah and always kept things real. She not only taught but demonstrated that each of us must live our lives fully with purpose, passion, confidence, and love. She was involved and supported Sarah in all her activities from Brownies to ballet. She shared and instilled her love of travel and the arts. But the best trait she passed on to her granddaughter, which she had gotten to witness, was her legendary spirit which was and is an undeniable, incontestable, and unwavering force to be all you can be and stay true to yourself.</p> <p>After retirement, Pat and Dick enjoyed traveling the country to dog shows in their RV. She loved her fur babies and grandbabies, especially her Border Terriers. She took great pride in supporting Dick in competing in Earthdog Trails, Confirmation, and Obedience, in which their dogs became champions. Their Border Terrier family has been a tremendous support to them over the years as they both battled health issues. Pat and Dick also became very involved with their church family in their retirement years. Finding both purpose and support through their involvement.</p> <p>She was a woman with many long-term friendships she cherished. She still kept in touch with several childhood friends but many of her Dallas friendships date back over 60 years. She had several close circles of friends which ranged from bible study to Al-Anon to her ladies dinners. She also had her traveling buddies who were always up for an adventure. They loved cruises and traveling through Europe. Her favorite place to visit was NYC. She spent a lot of time in NYC because of her career and Sarahâ€™s summer ballet camps. Her eyes always sparkled when she spoke of NYC and you could see how much she loved the energy, Broadway musicals, plays, and art museums, but the best part of NYC, which she took great pride in, was getting to share it with Sarah.</p> <p>Pat is survived by her husband, Dick Greene; son, Richard Greene and daughter-in-law Susan, daughter, Dana Greene, and two grandchildren: Gaberial Greene and Sarah Bulba, along with many nieces, nephews, aunts, uncles, cousins, and friends.</p> <p>In June 2019 Pat was diagnosed with ALS, also known as Lou Gehrigâ€™s disease. It would be wrong to say she lost her battle with the disease because she never stopped fighting. Instead, she surrendered to it and lived each day with grace and dignity. No matter how she felt, she was always determined. As her body weakened, her spirit strengthened, faith deepened, and zest for life never wavered.</p> <p>She will always be carried in the warmest parts of our hearts. We will honor her every time we are brave, witty, chase dreams, love fiercely, enjoy travel, live as art because her example has inspired us all.</p> <p>The family wishes to thank the physicians, nurses, and other healthcare professionals at UT Southwestern Medical Center, Willow Bend Family Medicine, and Aspen Home Health for their care and dedication. In addition to the support, we have received from other ALS families, MDA, ALS Association of Texas, and The ALS Living Fund. But most importantly we must thank God for connecting us with the caretakers that made this journey possible. They will forever hold a special place in our hearts and I know like many of us fell in love with her.</p> <p>The family has requested In lieu of flowers, please make donations in Patâ€™s memory to The ALS Living Fund, either online or by mail to 7454 Fossil Ridge Drive, Frisco, TX 75034. This organization supported and guided Pat and her family from the beginning to the end, we cannot give back or thank them enough.</p> <p>If using a computer, please look to the left of your screen and click on The ALS Living Fund, or if using a phone, the link will show as a "drop down" button.</p>

122	122	123	Edmund Patschull	<p>Edmund's story: My name is Edmund Anthony Patschull and I was born in Chicago, Illinois on July 17th, 1944. I passed away in Dallas, TX on August 21, 2020. My parents, Leo A. P. and Gertrude P. passed away in August of 1957 and in December of 1999 respectively. My three older brothers Frank, George, and Leo passed in 1993, 2017, and 2019. We were born in the same order that we passed. My wife Barbara Allen passed away in May 2016.</p> <p>I attended Pope Saint John Paul II School in Chicago, Illinois, through 8th grade and graduated from high school in 1962. I served with the Navy Patrol Squadron 45 for two years during the Vietnam war from 1964 until receiving an honorable discharge in 1966. Thanks to the insistence of my wife, I graduated again, much later, with a bachelor's in accounting from the University of Texas at Dallas on May 19th, 1984! I received this degree while already in an established career and days before my firstborn child!</p> <p>My established career was with Electronic Data Systems (EDS) where I retired from after working for over 40 years as a Capacity Planner. It was at EDS that I met Barbara, the love of my life and first girlfriend, whom I married on May 24th, 1975. I had always dreamed of being a father and was not sure it would happen until my wife got pregnant at 38 years old and gave birth to my daughter, Cynthia Patschull, on May 27th, 1984! The moment my daughter was born my wife yelled out to me from the hospital bed, "I want another one!" That wish also came true when my son, Matthew Patschull, was born three years later on June 29th, 1987. On April 20th, 2020 my granddaughter Presley Patschull was born, making me a grandfather! My greatest accomplishment in my life is my kids; I loved being a father, a grandfather, and a husband. I also loved my family and friends dearly and enjoyed helping by offering my love and support any time it was needed.</p> <p>I loved sports and played on an adult softball league and tennis league with my wife and friends into my 50's. I was an avid Chicago White Sox baseball fan and Chicago Bears football fan. I would beat heavily on my legs when excited over my team scoring! I had a wonderful sense of humor and enjoyed taking part in and laughing at pranks played by my wife, children, brothers, and friends. I always chose to see the positive in people and it showed in my daily interactions with friends, family, and strangers.</p> <p>My service will be held at Merit Memorial Funeral Home in Farmers Branch, TX on September 6th, 2020 with Bishop Alfredo officiating. My family will receive friends during visitation at 12:00pm. The funeral service will be held directly following at 2:00pm.</p> <p>Memorial contributions may be made in my wife's honor to: Center for Brain Health at The University of Texas at Dallas, 2200 West Mockingbird Lane, Dallas, Texas, 75235, 214-905-3007. Additionally, contributions may also be made in my honor to: Foundation for Sarcoidosis Research, 1820 W. Webster Ave., Ste 304 Chicago, Illinois 60614, 312-341-0500.</p>

She will be greatly missed.</p> <p>To me, her son, this woman was a hero. A true American success story. Born in the slums of Washington D.C. in 1926, she survived the depression with worn out shoes and an alcoholic father. She made wooden models of enemy aircraft used for shadow identification for pilot training during World War II. A secretary for a high-ranking military officer in the Pentagon. Raised two children with little or no help from our father. There was always a roof over our heads and food on the table. A God-fearing woman that found it easy to laugh. She made friends everywhere she went. The world is a lesser place without her.</p>

Services will be held at Merit Memorial, 12801 N. Stemmons Freeway, STE 803 Farmers Ranch, TX 75234 on August 12, 2020. Visitation will be from 6:00 P.M. to 8:00pm, followed by funeral service at 8:00 p.m. Oscar was a strong man of faith who left handprints on so many lives, he could light up any room with his Godly wisdom and goofy charm. He was a family man who adored and loved to spend every minute he could with them. He was the best father, husband and friend you could ask for. Oscar had a passion for art (graffiti, DJing, music in general, break dancing, drawing, etc...) He was a lifelong dedicated Yankees fan. In his youth Oscar spent his time working with disadvantaged kids. Using his love for soccer and music he would form and coach a children's soccer team, and a break dancing crew. He was a member of Grace Community Church in Arlington, Texas and was very unashamed for his love of God. He made a point to express his beliefs and share the word of God any chance he could. Oscar is survived by his wife, Melissa. His five children: Ashley, Hunter, Myranda, Noah and Elijah. His first grandchild Baby Bennett. Both of his parents: Gualatrio and Joaquina Castillo. His sister Ana and her husband Lino, his brother Walter and his wife Angela, brother-in-law Jake and his wife Amber. Many nieces and nephews: Selina, Julian, Cameron, Hailey, Sasha, Caleb, Issak, Cristian, Kaelee, Bailee and Penelope. Memorial donations may be made to the family's Go Fund Me at <a href="https://gf.me/u/ypmkfc">https://gf.me/u/ypmkfc</a> . The family wishes to extend their gratitude to the staff of both JPS and UT Southwestern Medical Center that took such great care of him. We would like to say a very special thank you to Dr. Aditya Bagrodia who from day 1 was Oscar's trusted surgeon and friend. All in all as the saying goes "not all super heroes wear capes" Oscar proved just that. He was our super hero, our miracle, who will continue to watch over us to infinity and beyond!

132	132	133	Mary Ellen Robledo	<p>Mary Ellen Donald-Robledo 1934 - 2020 (Obituary)\n\nMary Ellen Donald-Robledo passed away and went to be with our Lord, August 3rd, 2020 in Dallas, Texas at the age of 86.\n\nMary is survived by her son, Thomas Rouse, granddaughter, Brooklynn Rouse, both of Plano, Texas and by her brother, Thomas Donald of Las Vegas, Nevada. She is preceded in death by her husband, Joe Robledo of Los Angeles, and sisters, Lucille Frances Donald of Los Angeles, Lillian Bush of Las Vegas, Nevada and Leonon Bettencourt of Los Angeles.\n\nMary was born â€œBaby Donaldâ€ (as shown on her birth certificate) on July 8, 1934 in San Antonio, Texas to parents Julia Marie Holley-Donald and Thomas Donald. After a Catholic baptism as an infant, she acquired her first and middle name. Mary attended high school at John C. Fremont High in Los Angeles. After high school, Mary moved with her mother, brother and step-father (Ed Blackwell) to Kalispell, Montana for a brief stay, but returned to Los Angeles alone at the age of 18. During this time, she came very close to going into the Catholic order called the Sisters of Loretto. In 1952, one of her first jobs was at the Paramount Theatre in downtown Los Angeles working concessions. While working there, she greatly enjoyed watching, for free, the many show business entertainers of her time. For instance,\n\nXavier Cugat with Abbe Lane and Nat King Cole. As time passed, she would develop the skills of a PBX Operator, working for the likes of the StarDust Hotel in Las Vegas and the NRC (Nuclear Regulatory Commission) as a â€œShip to Shoreâ€ operator (which required a US Government Security Clearance.) In April 1959, she was blessed with the birth of her son, Thomas. Mary often said that her son was the best thing that ever happened to her and glad she had a boy. She named her son after her brother, Thomas Donald. In September 1964, she married Joe Robledo, a Los Angeles County Sheriffâ€™s Deputy. During the 1970s, she concentrated on being a wife and mother. In 1987, she made the decision to move back to Texas and remained there, forming many life-long friends in the Plano area, while living with her only son and granddaughter. Mary never knew a stranger and was loved very dearly by everyone that met her. She was a devoted Christian, and would often say that she was ready to meet the Lord Jesus at any time. She was conservative in her thinking and dress.\n\nMary was an accomplished singer which began at the age of 5 in Eugene-Springfield, Oregon. She sang for the Lionâ€™s Club after her family left San Antonio in 1937. She knew approximately 100 songs at the age of 5. After moving with her family to Los Angeles in 1940, she continued singing on stage, sometimes as a torch singer, and joined the Roy Gordon Starlets at the Million Dollar Theatre. She would also sing on stage for WWII soldiers while they were on leave in the Los Angeles area. As time progressed, she developed an operatic voice under a professional â€œvoice coachâ€ by the name of Miss Liverett. Mary trained for (and was considered) a â€œcoloratura sopranoâ€ and sounded just like Katheryn Grayson in the movie â€œShowboat.â€ Mary loved the opera â€œPorgy and Bessâ€ and could sing many parts to that opera. The Metropolitan Opera in New York was also a favorite of hers, especially, when they had stage appearances in Los Angeles. Although she never reached the billboard notoriety of a star, she was none-the-less greatly admired for her skill by family, friends and professionals. At one point, she wrote heart-felt songs and put music to themâ€ keeping all her lyrics and music in her memory. She continued to pursue singing well into the 1960s.\n\nFor most of her life she was a devout Catholic, but in the late 1970s, started watching Christian television and began attending a Four-Square Pentecostal church in Burbank, California. After moving to Texas, she began attending Hunters-Glen Baptist Church in Plano, until arthritis affected her ability to walk and dementia began to set in.\n\nShe was a devoted mother, grandmother, sister and aunt to all of her nieces and nephews, always willing to give of her heart and time. She loved her friends dearly and loved meeting new people. Her last big outing was to a Christmas Celebration in December 2019 at the Collin County Historical Society and Museum in McKinney, Texas where her son works. There, at the age 85, she met the many dear people that work with her son and greatly enjoyed speaking with many of them. They instantly fell in love with her. She will be greatly missed by many people.\n\n\n\nGraveside Services are scheduled Tuesday, August 11th at 10:30 AM at Rolling Oaks Cemetery, 400 S. Freeport Pkwy, Coppell, TX 75019. 972-462-5147. Services will be conducted under a covered, open-air Pavilion in the middle of the cemetery. Burial will follow. \n</p>

Nana knew nothing of his wish but had bought him a â€fire engineâ€™ with â€lights and whistlesâ€ for Christmas setting the gift aside until they could see each other. When Bryan opened this gift, his eyes lit up and he excitedly jumped up saying, â€Thank you Jesus for my â€fire engineâ€™ with â€lights and whistles.â€ His mom then explained to Nana what a big deal it was to him since he had tossed the coin in the fountain along with the wish! A big miracle for a three year old boy!\n\nâ€Bryan was such a sweet and loving person. He loved food, friends and family. He always wanted to protect me and didnâ€™t want me to worry about him. When he was little, he could not protect me, but throughout this very trying time, he did what he could to protect me for as long as he could. He loved helping others and being part of whatever was going on. With his first job, he bought clothes for his brothers! From the time Bryan was born he brought such joy and love to my heart! My son, my firstborn, I will always and forever love you deeply!â€ - Mom, Carrollton, TX\n\nâ€Bryan, a very handsome â€Iâ€™ young man, had personality plus, a very giving heart, and loved jumping in to help whenever he saw a need. He was a very intelligent and creative young man. He loved planting seeds and watching plants grow! Recently, he couldnâ€™t wait to show me the beans he planted that were coming up! Bryan was deeply loved! Bryan helped me get out of depression to become motivated again.â€â€ Jake Boyce (friends since Age 7), Longview, TX\n\nâ€Bryan was caring, sweet, loving, understanding and a supportive partner. His love was encompassing. He would share whatever he had with everyone to make sure they felt welcomed and comfortable. Bryan encouraged everyone to go after what they wanted and to stand tall which was probably easier to do for a 6 foot tall man than for some. 140	140	141	Jared Hardy Decker	Jared Hardy Decker, beloved husband, son, brother, uncle, nephew, cousin, and friend to many, passed away in Dallas, Texas, on July 27, 2020, at age 47. \n\nJared was born to Alison and Craig Decker on November 2, 1972, in Los Angeles, California and was raised in Southern California and the greater area of Salt Lake City, Utah. Jared was the third oldest in a family that would grow to 15 children. Although he was one of many, Jared's exceptionally sweet and often equally mischievous nature ensured that he was never lost in the pack. The bonds he shared with his siblings influenced the kind and generous nature he possessed throughout life. \n\nFrom 1992 to 1994, Jared served as a missionary in Bogotá, Colombia and surrounding areas, with a brief stint spent in New York. Jared greatly admired the people and culture of Colombia, and for the rest of his life he fluently spoke Spanish whenever he could. He graduated from Henderson High School in 1968 and married his beloved high school sweetheart, Beth in 1972. Ronnie enlisted in the Army in 1971 and served overseas in Germany until 1974. He was awarded The Army Commendation Medal for meritorious service in the 56th Field Artillery Brigade. After discharge, Ronnie moved to Denver, where he began a 28-year career working for Federal Express as one of the first five thousand employees. Ronnie was often known to selflessly deliver packages to others late into Christmas Eve, meaning Beth regularly received IOUs as her Christmas gifts! \n\nRonnie and Beth made their long-term home in San Antonio, Texas where their two children grew up. Ronnie was an enthusiastic Spurs fan and treasured his collection of the team's five championship hats. He avidly rooted for Meredith's short middle school volleyball career and supported countless fundraisers for her high school dance team. Ronnie coached Jeffrey's little league baseball teams and helped him develop his successful golf game, at the expense of one Suburban window which Jeff caught that a little thin. Though he attended Texas Tech University, he had wanted to be an Aggie and was thrilled both his children attended Texas A&M. His children remember him as a gentle and patient father who provided endless support and encouragement. \n\nRonnie was a dedicated husband and hardworking provider for his family. However, after his retirement at 55, the best part of his life began, that of Poppy! He was a tremendous grandfather to Caden and Reese from babies to teens; pushing them on swings, teaching Caden to fish, and cheering at their sporting events. It was also after retirement that Ronnie realized another dream, living at Lake Cherokee where he and Beth spent summers as teens. Beth and Ronnie built a beautiful home on the south shore of the lake and cherished the friendships they established in their drum circles, boat rallies, and porch dinners. Ronnie was also a dedicated member of the Church at Lake Cherokee. \n\nIn 2015 Ronnie was the recipient of a lung transplant that provided him five more years with his family. The selfless gift of the Matthews family will never be forgotten, and as such, donations are welcome to Southwest Transplant Alliance Foundation at Southwest Transplant Alliance, 5489 Blair Rd. Dallas, Texas 75231 or at the link provided to the left. \n\nThe family would like to thank Ronnie's doctors at Baylor Scott & White Health Transplant Clinic, Kindred Hospital Dallas Central, and T. 160	160	161	Mary Joyce Klopack	Mary Joyce (Mary Jo) Klopack passed away peacefully on Monday, June 15, 2020. She was 84. Born in North Dakota on October 21, 1935, to Clara and Ole Berg, Mary Jo had one sibling, her older brother, Clayton, whom she adored. One of Mary Jo's most dramatic early memories occurred when the family was living in California. On July 17, 1944, munitions being loaded onto a cargo vessel in Port Chicago exploded, killing over 320 sailors and civilians. The blast blew out the windows of the family home, leaving Clay and Mary bloodied and frightened. The young family relocated to Tamarack, Minnesota to take up farming with other kin. Mary Jo graduated from McGregor High School in 1953. Just eighteen years old, she left the farm to live and work in Minneapolis. At twenty-one, Mary Jo jumped at the opportunity to work as a civilian contractor in Okinawa, Japan. There she met a young Air Force officer, Bernard Klopack, who relentlessly pursued Mary Jo until she agreed to marry him. The wedding took place on June 24, 1961. Living in Coon Rapids, Scott Michael was born, quickly followed by Cheryl Ann. In 1967, Bernie's job took the family to Plano, Texas, a suburb of Dallas. Two years later, Kevin Allen became the fifth member of the family. Mary Jo became a court reporter and eventually taught court reporting. With this background, Mary Jo became a trainer for Rockwell Collins where she spent many years in the Human Resources Department. Despite her success at Rockwell Collins, Mary Jo always felt a strong compulsion to get her degree. Thus, while working full time and raising a family, Mary Jo worked tirelessly for her bachelor's degree in business from Dallas Baptist University in 1993, one of her proudest achievements. However, anyone who spent more than ten minutes with Mary Jo quickly learned her true passion her family. She was totally devoted to her children, never missing a ball game or cheer event. Whenever possible, the family was boating on Lake Texoma where many memories were made. Every weekend of boating was capped off by root beer floats on the way home from the lake. The love of family was not limited just to the immediate family. Although separated by many miles, Mary Jo adored Clay and his incredible wife, Helen, and their amazing girls, Debbie, Pam, and Karen. Bernie's amazing sister, Pat, always held a special place in Mary Jo's heart, as did her brother-in-law, Marv. Mary Jo beamed at being Aunt Mary to her handsome nephew, Craig, and beautiful niece, Renee. Although preceded in death by her husband, Bernie, and youngest son, Kevin, Mary Jo was surrounded by family: Cheryl and her husband, Jeff, granddaughters Danielle and Krista, and great-granddaughters Clara and Abigail; Scott and his wife, Janice, grandsons Cody and Ryan as well as Ryan's wife, Brianne; and many other family members and friends. Mary Jo will be greatly missed by those she loved so dearly.

173	173	174	Robert Hodgkinson	<p>A letter to my husband:</p> <p>My dearest Bobby,</p> <p>It is said that some couples fall in love at first sight. When we first met more than 40 years ago, it wasn't quite like that, was it, honey? I had never met anyone quite like you. I thought you were pretty cute, but a little too free-spirited for my taste. But despite that sort of "wild child" persona on the outside, as you know, it didn't take long for me to know and fall in love with the true you.</p> <p>As so many came to know, you have a heart of gold and with huge compassion, reached out to so many who needed you. Although my sadness is profound about our time together ending too soon, I am blessed for the many years I did have you as my partner and soulmate. You brightened my world with laughter, love, and music. You loved my girls as your own. During difficult days, you lifted me up. Every day, I will remember that one of the last things you said before leaving me was "I love my wife".</p> <p>As the dreadful illness progressed, you never gave up and to the very end, you fought with extraordinary bravery and resolve to get well. I'm trying to be selfless and only be happy that now for you there is no more pain and you moved to a glorious everlasting life. That gives me comfort. However, I will be missing you every single day for the rest of my life here on earth.</p> <p>As one of your many friends put it, you were one of those people who left a beautiful and remarkable imprint on the world, humble, yet significant in all you did.</p> <p>I will be in love with you forever, my sweet Bobby.</p> <p>Sherry</p>

She was one of the sweetest souls on this earth and will truly be missed. \n\nFor anyone that knew Lisa, knowns she was loving, caring and a very special angel God gave us. She never has a bad thing to say about anyone; unless you were a cop! I remember, I was driving with my son Layne and her son Stevie. They were both around 3 years old and a cop pulled up beside us. Stevie, all of a sudden starts saying "cop, dunk"! He was in his car seat leaning over as far as he could. \n\nWhen I took him back to Lisa's I told her what Stevie did and Lisa said, 'Oh, good job baby"! \n\nLisa also loved shopping for pretty plants and things to put up in her house; so much that Lisa would hide what she would buy so Steve, her husband, wouldn't know. She would always say to Steve how she already had those things.\n\nLisa was always so pretty and dainty but let me tell you, she had a hard time keeping her balance. It seemed like every time I would see her she would have a new scrape on her little knees. I would always tell her "baby you need to be careful" and Lisa would always reply, "I didn't spill my tea though"! \n\nLisa was the type of person that would give the shirt off of her back to anyone that needed it. 199	199	200	Ollie Brantley	<p>Athlete, officer of the law, difference-maker in the community, husband, father, grandfather, brother, uncle, cousin, friend, mentor, advisor, legend, pioneer, chiefâ€¦these are some of the many titles you will hear when referring to Ollie Brantley.</p> <p>Ollie was born on September 16, 1931, the youngest of 9 children born to Essie (Saxton) and Jim Brantley of the Southland community in Phillips County Arkansas. His parents and eight siblings all preceded him in death â€” Chester, J. B., James, Vireece, Carlos, Zenobia and Ann (Tippie Lee) Brantley.</p> <p>He grew up in a rural farming community where his parents were sharecroppers. The parents and older siblings worked hard planting, harvesting, and plowing fields for a percentage of the yielded crop to support the family and enable the younger children to go to school and get an education.</p> <p>Ollie attended school in the Southland community and West Helena, Arkansas. As a high school star athlete, Ollie excelled in multiple sports but his passion and true athletic gift was in baseball. He caught the attention of the manager of the Memphis Red Sox Negro League organization. At the age of eighteen, Ollie was drafted right out of high school to play baseball. He headed to Memphis where he signed with the Red Sox in 1951. Life with the historic Negro League was rewarding but also very challenging, especially on the road as the teams faced ongoing instances of racial prejudice as they traveled the deep south.</p> <p>In 1953, the Chicago White Sox organization signed Ollie and bought out his contract after learning what a gem they had discovered in this talented young pitcher. Ollieâ€™s career began with the White Sox organization as the league was beginning to integrate. He displayed the true measure of a man as he bravely endured racial prejudices being the only black man on the team. He would have to eat separately, be housed separately and even be separated from the team transportation and chauffeured in a station wagon to pass through many towns later rejoining the team when it was safe to do so. As Jackie Robinson had done before him, he would have to endure a tedious integration process full of racial discrimination and oppression that existed in society. He was definitely one of the pioneers for black athletes in professional sports. Ollie played with the Chicago White Sox organization through 1960 and followed with another 8 years playing with the Minnesota Twins organization. Ollie retired from professional baseball in 1969.</p> <p>In 1957, the young baseball player married his bride of 63 years, the beautiful Frances Robins of Marianna, Arkansas. He had first met her many years earlier at a high school basketball game. They started seriously dating after she went off to college. To this union two daughters were born, Beverly and Karen.</p> <p>Ollie was a man of faith who accepted Jesus at an early age. Growing up in the Southland community, he joined the Spring Lake Baptist Church. He became a faithful member of Second Baptist Church in Marianna where he attended until he moved to Dallas.</p> <p>As the end of his baseball career was becoming apparent, during the off-season, Ollie set in motion what would be his next career path. He became a police officer with the Marianna Police Department working as the only black officer on the force and then joined the Lee County Sheriffâ€™s Department as the first black deputy. Once again, he was a trailblazer. His love for people and helping others made this public service career in law enforcement a perfect fit. He made a difference in countless lives.</p> <p>Because of his love of the game, Ollie also continued with baseball back in the local community. He built his own baseball park on the land his childhood home once occupied. He assembled a team and acquired support to obtain equipment and uniforms that were needed to â€œPlay Ballâ€. He managed the team and coordinated a schedule of â€œhomeâ€ and â€œawayâ€ games with other regional teams. The community looked forward to Sunday afternoon games.</p> <p>He was always active in the community, guiding and investing in the youth. He officiated high school basketball games, helped facilitate summer youth work programs and was key in ensuring the small-town minority kids would have an opportunity to play little league baseball and have a community athletic field to play it on. He was especially excited to be able to spark an interest in baseball in these young minds.</p> <p>He had a passion for expanding opportunities for young people to keep them on the right path. To that end, after leaving the Sheriffâ€™s department he worked as a resource officer with the public school system.</p> <p>After an extended illness, he transitioned this earthly life on April 5, 2020, in Dallas, Texas where he had resided since 2017.</p> <p>He is survived by his loving wife of 63 years, Frances Robins Brantley of Dallas, Texas; their daughters, Beverly Brantley and Karen Brantley both of Dallas, Texas; an older daughter, Linda Brantley (Lewis) of Olive Branch, Mississippi; two granddaughters, Kaiesha McGruder (Jessie) of Marion, Arkansas and Kyra Brantley of Denver, Colorado; five great-grandchildren, Alexia McGruder, Jessika McGruder, Julious McGruder, Jeremiah McGruder, and Alijah McGruder all of Marion, Arkansas; one niece, Deloris Wilson (Andrew) of Sterling Hts, Michigan; one great-niece, Tiffany Brantley of South Bend, Indiana; one sister-in-law, Pearl Brantley of Sterling Hts, Michigan; two brothers-in-law, John D. Robins (Dorothy) of Detroit, Michigan and Wilbur D. Robins of St. Louis, Missouri; their families and a host of nieces, nephews, cousins and friends who will continue to cherish his memory. He will be greatly missed.</p> <p>As an expression of sympathy, in lieu of flowers and plants, a contribution may be given for the establishment of a college scholarship fund to commemorate his life of service and giving.</p>

His participation as a Knight of Columbus was an example of how he contributed to so many. When a suggestion to comfort, celebrate, or spoil was made, Jerry would seldom admit to being the instigator, but his love and kindness was felt by everyone who knew him. \n\nJerry's love for his wife Renee was obvious in so many ways, but none more than the way he adopted the Primary Immunodeficiency (PI) community as his own. Through her journey with rare, chronic illness Jerry was a light that shined, not only in supporting his wife, but many others through his attendance at community events, walks, and simply by his support of her advocacy. Jerry was an example to all who are supporting a loved one living with chronic illness, and his example gave many, hope. \n\nJerry's family would like to thank everyone who offered support, comfort and love in his journey with salivary gland cancer. Your culinary treats, cards, emails and calls showed the encouragement and concern that helped to surround Jerry with light and love when he needed it most. \n\nOur beloved Jerry is survived by his wife, Yvonne Renee Rodriguez, son Christopher Rodriguez, parents Gilberto Sr. and Olivia Rodriguez, brother and sister-in-law Gilberto Jr. and Gloria Rodriguez, in-laws Elizabeth Martinez and Eusebio and Susan Benavidez, Joseph and Lorraine Benavidez, Robert Benavidez and partner Diana Flores, Susana and Greg Voigt, nieces and nephews: Danielle (Rodriguez) and Matthew Clark, Eric Rodriguez and partner Sarah Long, Jasmine Benavidez, Garrett Benavidez, Savanna Voigt, and Annabelle Voigt. He was raised by his parents, Sydney and Rose Kanter, and his grandparents Max and Ethel Chesney, who had migrated in the late 1800s from the Russian-Polish border and settled in the Berkshires. Max started the first home milk delivery for Pittsfield. David attended Redfield and Dawes elementary schools, graduated from Pittsfield High School in 1954 and attended the University of Vermont, graduating in 1959. 210	210	211	Joan Parker	Born May 27, 1955 at Pemiscot Memorial Hospital in Hayti, MO, Joan Lee Lawrence Parker spent her early years along the banks of the Mississippi River (or "Mother river," as she so fondly referred to it) in her beloved hometown of Caruthersville, MO. After graduating from Caruthersville HS in 1973 where she was co-captain of the cheerleading squad, Joan began her lifelong career as an administrative professional at IBP, Inc. in Nebraska City, NE. It wasn't long, however, before Joan's noted hatred of winter prompted her to transfer down south to Amarillo, TX. It was here, against the romantic backdrop of a beef-packing plant, Joan met and married a handsome, long-haired rock 'n' roller named Kenneth T. Parker with whom she later had 3 equally handsome rock 'n' roller children named Raychel Anne, Lisa Nicole, and Benjamin Lawrence. Joan eventually took a job at Corporate Systems in Amarillo where she remained employed for 12 years. During this time, she became a Certified Professional Secretary (1987), served as a member of Professional Secretaries International, and exercised her love of softball as second baseman on the company's coed softball team. After relocating with her family to Carrollton, TX, Joan took a job at a small utility company in Dallas (now called Clearview Energy) where she played a formative role in the company's tremendous growth and success, and remained a dedicated employee for 18 years up to the time of her death.  A true southern lady, Joan was equal parts sugar and spice with a personality far bigger than her diminutive 11-lb frame. Joan's beautiful smile was her personal piece of sunshine to everyone who knew her and anyone who met her. The things Joan loved, she loved fervently. Her magnet collection will tell you how dedicated of a patron she was to Dallas Summer Musicals (Les Misables being her all-time favorite). Her puppy collection will tell you how dedicated she was to pugs and pug accessories (although she happily welcomed all tail-wagging creatures into her home). Her everything else collection will tell you how much she loved (oh and how she loved) the Oklahoma Sooners.  Following a seven-year battle with cancer, Joan peacefully departed this world on March 17, 2020 surrounded by all her children and her best friend Kenneth. Joan faced her death with the same courage and grace she showed throughout illness, and looked forward to once again seeing her father (Al), mother (Emma), and to reuniting at long last at the Rainbow Bridge with her many beloved pets she cared for over her amazing 64 years.  Joan is survived by two older brothers whom she absolutely adored, Bobby and Skip Lawrence, their wives Susan and Suzanne Lawrence, her stepdaughter Kelly Smith and husband Darrell, beloved furbabies JoJo and Cosette, granddogs Banjo, Blue, Bandit, and Pipsy Von Cheeseburger, grandturtle Hobbes, numerous nieces and nephews (all human), and many dear friends (mostly human). She is also survived by her three adoring children Raychel Parker-Dull (Jeff), Lisa Parker, and Benjamin Parker who will forever and always love and miss their sweet Mommoo more than words could ever express but who take solace in knowing she's still out there being the same watchful, loving, and protective guardian angel she was to them in life. Finally, Joan is survived by her best friend and life partner Kenneth Parker who provided continuous care and support throughout every stage of Joan's illness and served as a devoted caregiver in her final months epitomizing their special bond and the enduring love they shared for more than 40 years.  Joan's family would like to thank the wonderful staff at UT Southwestern Dallas, William P. Clements Hospital, and Pathway Hospice, and would like to give special thanks to her tremendously caring and supportive work family at Clearview Energy.  Memorial services will be held at a later date not yet determined, so in lieu of flowers, the family suggests honoring Joan's memory in one or all of the following ways:  1. When you pass a stranger, smile and say hello.  2. When you see a pug, stop and pet it. (Bonus points for emitting high-pitched squeals while doing so.)  3. When you hear a song you love, sing along loudly and with feeling.  4. When you spy someone sporting UT apparel, kick them in the shin and yell "BOOMER SOONER!"

She graduated Co-Valedictorian from Vinita High School in 1961 and attended Oklahoma University (OU) where she joined Pi Beta Phi sorority. For the last 20 years she attended annual reunions with her lifelong Pi Phi friends. Stephanie met her future husband Eddie (Edward Ray Howard Jr.) at OUâ€™s Sooner Scandals in the spring of 1962. They married June 29, 1963 in Vinita. Over the next 10 years, she and Eddie lived in 7 cities and had 3 boys before settling in Dallas in 1973. 231	231	232	Susan B. Gram	01-06-1938 to 02-01-2020\n\nSusan was born in Detroit to the late Leona Schmitz Baird and Byron B. Baird. She grew up in Ypsilanti, MI and graduated Michigan State University in 1959. Never a fan of cold weather, she and several friends accepted teaching contracts in San Diego, CA and immediately after graduation headed west to warmer climes. Not long after, she met and married Emil, a young naval aviator from Dallas who was stationed at NAS North Island. That started a 60 year marriage that included three children, a 30 year navy career, and seventeen world-wide family relocations. Susan was quite adventurous and was always involved in some new challenging endeavor. \n\nA sampling of her many exploits:\n- Active participation and leadership roles with navy officer's wives clubs\n- When the children were barely school-age and while Emil was deployed to the Mediterranean in the USS Roosevelt, she packed up the family and moved to Italy to follow the ship's port visits - for NINE monthsâ€\n- At middle age, she decided to experience the exhaustive job vetting processes with both the US State Department and the CIA (just to prove she could do it) but refused the commission offers \n- Pursued graduate-level degree in her "spare time" to round out job qualifications for which she never accepted a position\n- When the navy made Emil a Naval AttachÃ© to Pakistan, Susan was a willing partner to take on the rigorous and demanding social duties required of the diplomatic posting \n- Enjoyed numerous fun-filled reunions with college sorority sisters and their spouses.\n\nEmil always said that Susan had her life phases: There was the arts phase when she was deeply interested in sculpting and ceramics, the author phase when writing short stories consumed her time - but she was published only once in a local newspaper. Then there was the travel phase when she made some combination of road, rail or air excursion to various domestic or foreign destinations - sometimes with the children and sometimes alone but always when Emil was deployed.\n\nSusan was an avid novel reader and crossword puzzle solver. Her mind was always working with challenges of some sort. And throughout the children's formative years she was always active with their activities whether it was Little League baseball, gymnastics, fishing, flying model airplanes or school activities. If the kitchen disposal crapped out, she fixed it. If the often-stretched home finances needed fine tuning, she was right on top of it to make sure the bills were paid. She was the glue that kept the family together and functioning because dad was gone a lot. Throughout the good and bad times, she made sure the cards and letters flowed and dad was happily welcomed home from his job travels. In her very senior years and final life phase, physical mobility became a serious challenge for Susan, causing her to become mostly home bound. She never complained about her final ordeal and gracefully accepted that her body was no longer willing to accommodate her desired adventurous spirit. Her family is grateful that she did not spend one single day in a nursing facility. She passed away quietly in her sleep, pain free, with her loving family nearby. Susan is survived by husband Emil, three children Michael (Laura), Jane (Greg), and Robert, five step grandchildren and five step great grandchildren. \n\nA memorial service will be announced at a later date. \n

238	238	239	Dallas Jerry Kreps	<p>Dallas Jerry Kreps was born on March 12th, 1944, in Willmar, Minnesota, to the most wonderful, God-fearing parents in the world. He was later joined by four siblings, Rodney, Sherry, Larry, and Charles.</p> <p>Raised on a Minnesota farm, he always said it was the best place for anyone to grow up. In 1962, he joined the US Navy and served four years. They took the train from Willmar to the induction center in Minneapolis, he remembered his mom cried the entire trip. He enjoyed the service, being independent, making buddies and seeing the world.</p> <p>He earned a business degree from Mankato State University in 1971. Only one problem, the country was in recession and there was no business. So, hiring on with his uncle at highway contractor Duinick Bros. began his career working on the road.</p> <p>He married the love of his life, Lois Ann Strom, on October 23, 1971. She was the best and most important thing in his life. They shared a love for God and a love for helping others. They have three children, Kelly, Danny, and Randy. Without sounding prejudice, he would say they are all very good kids, although his hair was not grey before they came along. He adored his five grandchildren, Lindsey, Tyler, Kobe, Zoe and Zuri, and had a special bond with each of them.</p> <p>Summers are short up north (it is said that Minnesota has 2 seasons, winter and road construction), so the family moved to Texas in 1986. His mom said if she knew he would end up moving 1,000 miles away to Dallas, she would have named him something else! Road construction was a tough job, just right for his hard-working nature. He loved his work, the company, and the friendships, and retired in 2012 after 44 years with Duinick's. He truly lived out his favorite verse, Colossians 3:23, not just in his career but in all the work he did.</p> <p>Whatever you do, work at it with all your heart, as working for the Lord, not for human masters.</p> <p>Dallas loved taking on one too many projects, camping and fishing in the mountains with the boys, scenic road trips in the camper with Lois, and playing games with family and friends (he will be a legend in Farkle circles for years to come.) He was a faithful, selfless, kind, and generous soul who truly loved people.</p> <p>The past few years were difficult. Fighting pulmonary fibrosis, he could no longer enjoy many of the things he loved. However, he always praised the Lord. His life motto was "Do not criticize, condemn, or complain." And through all the pain, he really did not complain. He wrote these words in preparation, "I thank God for every day I've had, and look forward to heaven."</p> <p>Dallas went to be with his Savior on Sunday morning, January 19, 2020. He passed at his home in Justin, TX, his wife and family by his side.</p> <p>Survived by wife Lois Ann Kreps, sister Sherry Miller, brothers Rodney Kreps and Larry Kreps, children Kelly Erickson, Danny Kreps, and Randy Kreps, and grandchildren Lindsey Moore, Tyler Moore, Kobe Kreps, Zoe Kreps and Zuri Kreps.</p> <p>Preceded in death by parents Elinor and Gerald Kreps, and brother Charlie.</p>

263	263	264	Francis Rueben Reed	<p>Francis Rueben Reed was born on July 31, 1936 near Sweetwater Creek, Allison, Wheeler County, Texas on the Reed Ranch and died December 15, 2019 in Dallas, Texas at the Boone-Pickens Faith Presbyterian Hospice Center.</p> <p>Francis was preceded in death by his grandparents, father Rueben Silas Reed, mother Melva Taylor-Reed and his son James Robert Reed. Francis is survived by his loving and devoted wife of 55 years, Jean Ann (English) Reed, his son Eric Reed, daughter in law Teresa, grandson Jack Reed and granddaughter Helen Reed. Francis is also survived by his older Sister, Cleada Mae Smith, and her children and grandchildren as well as by his brother, Johnny Reed, his wife Martha and their children and grandchildren. He also leaves behind many cousins, in-laws and relatives in Oklahoma, Texas and elsewhere.</p> <p>Francis was born on the Reed Ranch in the panhandle of Texas. He had platinum blond hair, deep blue eyes, rosy cheeks and a precious shy impish smile that stayed with him his whole life. As a small child he enjoyed exploring the ranch, riding ponies, and would often go off alone wandering and working on the ranch. As a result of the Depression, Francis developed a strong work ethic and wasted nothing.</p> <p>In 1952, Francis began working for Walter Sowders at Sowders Dental Lab in Elk City, Oklahoma. Both Walter and his wife Irma Sowders remained a great influence throughout his life. In 1954, Francis graduated from Elk City High School and moved to Dallas where he went to work for United Dental Lab, Prosthetics Dental Lab and Codesco-Duffin Dental Lab. Eventually, he opened Reed &amp; Associates Dental Laboratory, which provided services to over 500 Dentists in Texas. He was certified in all areas of Dental Technology and doing lab work was a passion and love. Francis was inducted into the Dental Lab Hall of Fame for 50 years of service as a CDT (Certified Dental Technician). In addition to his own work, Francis designed laboratory workplaces for many Dental Schools, and even set up a Dental Lab in the Texas Department of Corrections to teach prisoners a skill they could use after their release.</p> <p>After moving to Dallas, Francis found a passion for drag racing. He was a Charter Member of National Hot Rod Association (NHRA), North Texas Timing Association (NTTA) and Rod Benders Car Club. He ran a 56 Black Bel Air Chevy Coupe, a maroon colored 32 Ford (Deuce) Coupe Gasser and a hand built A/FD (A fuel dragster and burned 90% Nitro Methane in his 392 Chrysler Hemi that was a carbureted blown engine). Francis set a world record (at that time) by breaking 180 mph in his A/FD in Houston, Texas after which Ed Iskendarian awarded him a sponsorship and world record jacket. He had 22 title wins and many trophies in his A Stock 1956 Chevy Bel Air Coupe. He also had a 40 Ford Top Coupe that he ran in a Stock car class. He was the A/FD Top Eliminator at the Fuel Gas Championship in Oklahoma City and won the 1958 National Fuel Gas Championship in his A/FD Isky-Wiend Special beating Big Daddy Don Garlits. Upon being drafted in the Army he convinced Iskendarian Cams and Wiend Manifolds to sponsor Bobby Langley's Scorpion as a A/FD who was his great friend of more than 50 years.</p> <p>He was drafted into the U.S. Army in 1958 and trained at Camp Chaffee, Ft. Smith Arkansas working in the motor pool and dental lab. At Fort Wolters in Mineral Wells, Texas, he flew both fixed wing and helicopters. After leaving the Army, he continued flying and passed that love on to his sons. He was a pilot who was qualified and certified as a pilot to fly many different aircraft.</p> <p>In December 1963, his mother Melva introduced him to the love of his life Jean Ann English who was a school teacher in Duncan, Oklahoma. He married Jean Ann and they had two boys. Through their 55 years of marriage, they endured hardship and enjoyed triumph as a couple and whose love nurtured their boys. They have helped many friends and relatives over the years as a couple. Francis loved taking his youngest son James with the Dallas Blackhawks Hockey Travel Team where James and the team won many trophies and tournaments. He enjoyed watching Eric play baseball and was incredibly proud of Eric earning his Eagle Scout as Francis was, himself, a Life Scout. In later years he enjoyed watching his grandson Jack play basketball and football and his granddaughter Helen swim.</p> <p>Francis was not boastful of his talents and was often a fun prankster with his hunting buddies and friends. He loved to tell stories and jokes about life and his experiences with friends and family as well. He loved his English Pointer Bird Dogs and enjoyed a passion for quail hunting particularly on the Coleman Ranch in Archer County, Texas. Francis did things his way and on his terms in life. The Reed family is very grateful to have had Francis in their lives and appreciate all of his compassionate and wonderful friends who were true to he and the family over the years, especially Max and Darrell Ann Jones and their children David, Nicky and Julie. Francis will be missed by many but he is free as a bird in the wind and his spirit will surround us and the great memories of him will live with us every day.</p> <p>A Memorial Service for Francis will be held on January 11th, 2020 at 11:00 a.m. at Christ United Methodist Church, 2807 Valwood Ln., Farmers Branch, TX 75234.</p> <p>Pall Bearers: Dora Minyard, Mira Kochurovsky, Cora Daniels, Dr. Max Jones, Dr. Keith Cox, Milton Polkladnik, Stanley Beale, Eliseo Cheo Carbajal, Frederic Thuelier, Gary Carley, Dr. Chris Barnes, Monty Moon, Doug Baxter, Ron Fischell, Gary Box, David Ivy, George Milner III, Dale McDowell, Marilyn Burns, and Dr. Robert Browning with too many others to name.</p> <p>Pastor: Pastor Scott Holcomb-McLain, Rev.</p> <p>Honorary Pastor: Emery Burdine, CDT</p> <p>Honorary Pall Bearers: Rory Spikes, Paul Shorty Brown, Clifford E.
